Capsifen® is a patented and unique red chili pepper complex made from (*Capsicum annum*) that is standardized to deliver potent bioactives known as capsaicinoids safely. Enhanced with FenuMat®, Capsifen® ensures a pungency-free experience and a consistent slow release of bioactives to the intestines, enhancing overall bioavailability by 19x. With two compelling clinical studies behind it, Capsifen® supports thermogenesis, energy expenditure, fat metabolism, satiety/appetite control, and endurance. Capsifen®'s safety, efficacy, and unique mechanism of action have been substantiated to support healthy weight management and sports performance. Discover the power of Capsifen® as the ultimate partner in achieving fitness goals and peak performance.
